Compaq V55  
15" Colour Monitor  
(13.7" viewable)  
308006-001

## Compaq V55 15" Colour Monitor

Compaq announces the new 15" Colour Monitor (13.7" viewable), designed especially for the budget conscious user. The V55 Colour Monitor offers clear, crisp picture quality at a surprisingly low price. The V55 comes with all the standard features you would expect from a solid business performer. It is Plug and Play ready for Windows 95® and features digital adjustments for precise customization. With AssetControl<sup>1</sup> for easy inventory tracking across a network, Compaq monitors lower your total cost of ownership. For value, quality, service and support, the Compaq V55 is the optimal business monitor.

### What's New?

- Standard 15" display size (13.7" viewable)
- Strong features with a highly competitive price
- High refresh rates and fine .28 mm dot pitch
- Professional design to match the Compaq Deskpro line
- 1024 x 768 at 75 Hz resolution capability to see more on screen

### Key Features and Benefits

#### Great Performance at a Low Price

- 15" screen (13.7" diagonal viewable image size) provides standard functionality at a very affordable price
- 28 mm dot pitch delivers clear images and crisp picture quality
- 31 to 60 kHz horizontal frequency supports 1024 x 768, 800 x 600, 640 x 480 resolution capacity at a refresh rate of 75 or 85 Hz, for clear, flicker-free images
- Anti-glare and anti-static coatings minimize glare and dust on screen

#### Improved Design for Maximum Convenience

- Digital controls allow for exact modification of tilt, horizontal and vertical size positioning, trapezoid, pincushion, brightness and contrast
- Complementary to Compaq Multimedia Sound System (optional) allowing the customer to easily add the 5 watt per channel speaker system with integrated microphone to the monitor
- Designed to compliment the entire Deskpro line

#### Macintosh Factory Preset Mode allows Compaq V55 monitor to be used with Macintosh compatible PCs for platform standardization

#### Intelligent Manageability

- Plug and Play Ready - in response to CPU and Windows 95, monitor reports available resolutions and refresh rates
- AssetControl<sup>1</sup> provides information on monitor make, serial number, and resolution modes available. Information can be tracked via a network when used with Compaq PCs featuring Intelligent Manageability

#### Complete Service and Support

- Warranty<sup>2</sup> - 1 year parts and on-site labor repair to minimize cost and inconvenience to user

### The Compaq Advantage

- Compaq is the worldwide leader in monitors, offering a range of value and performance
- Compaq monitors have received over 20 awards from industry press for exceptional performance and innovative design features
- A stringent five-step testing process ensures uncompromising, consistent quality from prototype to production

### User Profile

Mainstream users in professional environments who need a high-quality, low-price monitor
